

Stop Payment Disclosure

To be effective, stop payment orders must be received in time to give us a reasonable opportunity to act on them. Your stop payment order must precisely identify the check number, date, payee and amount of the item. Stop payments cannot be placed on transactions processed with a MasterCard Check Card.

You agree to abide by the rules and regulations as established by the Uniform Commercial Code or other laws governing stop payment orders. You also agree to hold the Bank harmless for the stop payment amount and for all expenses and costs incurred for refused payment of the item. Stopping payment on an item does not relieve you or any other signer from liability to a person who has taken it for value in good faith.

Stop payment orders are effective for six months after the date accepted and will automatically expire after that period unless renewed in writing. A stop payment fee will be charged as disclosed in the Account Disclosure.
